Thank You

I wish to especially thank the charimen of all the committees who responded to my cry for help. And also to thank all of the members who who showed up at setup time and piched in. You all contributed to making our show a reality. We beat Venice to 1st place for exhibits. We had compliments on the food from the exhibitors. Thank you all again !!

Lynda Strum
Show Chairman

from the President's Desk

I would like to thank all who worked very hard to make the 2007 EAOS Orchid Show a success. It was a lot of hard work. This is the first show in which I have personally been involved from beginning to end. Now I truly appreciate all the work so many have done over the years. I hope you will be able to make the April meeting to hear the report of the 2007 Show. I should mention that the Board is investigating what would be involved in making the 2008 Orchid Show an AOS event. We hope that this will entice more societies to participate in our Show. We would need to support a Group of AOS Judges with a clerking staff and all the stuff required to document the entries. Once we know if this is possible, I will let you in on the details.

It has been suggested that we move the date of our show to the fall or earlier in the season. That is a very tall order. As it is, we moved the show ahead one week so that we wouldn't conflict with the Jacksonville show . We

had some difficulty getting vendors to commit to our show because the Jacksonville show is a really big show. I am hoping that becoming an AOS show will be the incentive we need. As always, the Board is open to all suggestions. In keeping the same time frame, we would again be competing with the Air Show in Punta Gorda. If it isn't one thing it will be another.

We also are thinking of limiting the number of vendors, to make it more profitable for the participating vendors.

It doesn't look like we will have all the info ready to put the directory to print for the April meeting. So, it will definitely be May.
